Dear Roland,

Hi, I've been doing freelance work and just want to touch base with you again. I continue to use you for one of my references and want to make sure that it's alright. FX4 has always been my proudest accomplishment and Associated Fire has been my favorite company. See my monthly newsletter (for Tottenville H.S.) here:

[www.billbaur.com/public/ths1960](http://www.billbaur.com/public/ths1960)

Thank you again.

Sincerely,

Bill Baur

**Bill**

**I agree that you did a fantastic job updating and improving our FX program. We are still using it. Certainly you may use us (afp) and me personally as a reference. Keep in touch. I will look at your newsletter.**

**How is your daughter doing? She must be a PhD by now.**
